

## **Project Accountant**

HGA is a leading architectural, engineering and planning firm with 600 employees located in 7 offices. We have an excellent opportunity for someone who is very detailed oriented and who understands the importance of accuracy to process principal billings, accounts receivable, payables and other accounting functions in our Alexandria, Virginia office.

Candidates must be proficient with MS Office, well-organized, able to work with minimum supervision, and enjoy using his/her people skills on a daily basis. A minimum of 3 years' experience is required; prior experience in a professional services firm or other business performing federal related work is extremely helpful. BS in Accounting or related business field required. Familiarity with Deltek Vision a definite plus.

HGA is a fun and employee friendly place to work where social activities are integrated into our work culture, and challenge, personal recognition and visibility are alive and well!
