ALEXANDRIA, VA – Wisnewski Blair and Associates (WBA) has established a stand-alone Sustainability Consultation Services Division as a response to the necessity of green building practices and the inevitable shift towards its procedures as requirements.

Led by Robert Phinney, AIA, LEED, as Director of Sustainable Design, the new division will expand on the Leadership in Energy and Environmental Design (LEED) administration services it already offers to its clients in addition to offering:

- Environmental Goal Setting
- Sustainable Design Consulting
- Green Building Guidelines / Sustainable Master Planning
- LEED Design and Process Training

Since the division's launch earlier this year, sustainability consultants services including LEED for Commercial Interiors (LEED - CI) and LEED for Existing Buildings, Operation and Maintenance (LEED - EBOM) services are being provided for over 800,000 SF of office space in the DC Metropolitan area.
