ALEXANDRIA, VA – Always committed to improving the city they were founded in, Wisniewski Blair and Associates (WBA), recently completed a new speculative office building in the Eisenhower East neighborhood of Old Town Alexandria, VA.

Working with legendary developer Don Simpson, Sr. and Simpson Development, WBA's 98,000 SF six-story building is an intelligently designed boutique structure amongst towering hotels and offices for federal agencies in addition to the United States District Courthouse.

Eisenhower Center III offers 10,000 SF of ground floor retail and boasts large arched display windows broadcasting its interior. A 314-car parking garage is located adjacent to the building and is the last above-ground parking garage in Old Town Alexandria.

Construction was completed on the parking garage in January 2008 and on the office building in July 2008. .
